

# Recessed Media Box

DataComm Electronics' Recessed Media Box is designed to install power and low voltage cables from behind your wall mounted display, amplifier, or other audio/video devices to your equipment room or use in your equipment room to organize your incoming audio/video cables.

The 45-0010-WH can be used in new construction or retro-fit applications. The 4-gang flexible cover plate gives our Recessed Media Box the clean finished look your customers expect.
