

Flat Panel TV Cable Organizer Kit w/ Power Outlet

Use DataComm Electronics' Flat Panel TV Cable Organizer Kit with Power Outlet to install power and hide unwanted A/V cables in the wall behind your HDTV. This kit is the ideal solution for converting an unfinished basement or spare room to a home theatre or media room and will bring a clean, professional look to your in-home installation

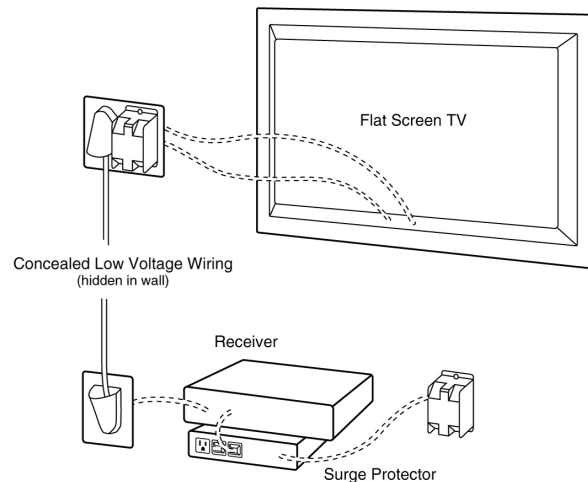

Have a licensed electrician install a power outlet on the wall at the location of the flat panel TV. Simply replace the newly installed power outlet with our Recessed Cable Plate w/ Electrical Outlet and then install the supplied Recessed Cable Plate near the location of your amplifier or other A/V equipment (see diagram below). The Flat Panel TV Cable Organizer Kit with Power Outlet comes with simple instructions for a quick and easy installation.
