

# Flat Panel TV Cable Organizer Kit w/Duplex Surge Power Solution

DataComm Electronics' easy-to-install Flat Panel TV Cable Organizer Kit w/ Duplex Power Solution is used to install power and hide unwanted audio/video (A/V) cables in the wall behind your HDTV, amplifier, and other A/V devices. This power kit allows you to pass low voltage cables and power through the wall, creating a professional, clean look for your home theatre.

## THIS KIT INCLUDES

- Pr-assembled top plate with duplex surge suppressor receptacle and electrical building wire
- Bottom plate with easy push-in connectors
- 6 Ft. 16/2 With Ground Cord Set with 360° Rotating Flat Head

## Features

- Works with the industry's the thinnest mounts and HDTV's
- 15 Amp/125 Volt tamper resistant duplex receptacle allows power to be installed behind an HDTV or other similar applications.
- Metal mounting wings are attached to the media plate and fasten tightly against the back of the wall. No low voltage mounting plate necessary.
- Flexible screen closes the interior opening of the Mid-Size Plate and Straight Blade Inlet.
- Female end of extension cord is recessed completely into the wall when plugged into the Straight Blade Inlet.
- Male end of extension cord has a 360° rotating flat head for easy access to any outlet.
