Parts Included

42-in Enclosure Box(1) 42-in Extended Cover(1) 42-in Cardboard Dust Guard(1) Screws (8)
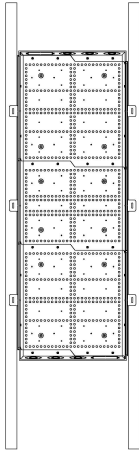

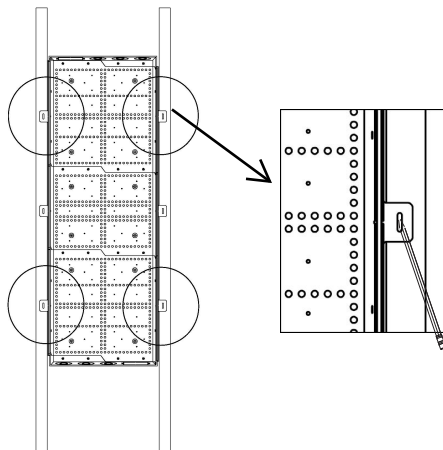

Tools Needed

Drill Pen/Pencil Level

| STEP 1	STEP 2	STEP 3
Place 42-in Enclosure Box in the install location.	Make sure the enclosure box is level and mark the four circled screw locations on the studs using a pen or pencil.	Secure the four tabs to the studs using the included screws and a drill.

| STEP 4 (after running wires)	STEP 5 (after drywall)	STEP 6
Install 42-in Cardboard Dust Guard by slipping the cardboard edges straight back into the enclosure.	Remove the cardboard dust guard. Complete installation by securing 42-in Extended Cover to the enclosure using the included screws and a drill.	Close and latch the cover.
